

**KA-BAR®**  
HARDCORE KNIVES. HARDCORE LIVES.

2015

We wouldn't tell you to buy a KA-BAR® knife because of its military heritage or because it's a legend in the world of knives.

We wouldn't tell you to buy a KA-BAR® because it comes from an American company with more than a century of knife-making experience.

And we wouldn't tell you to buy a KA-BAR® knife because of its resistance to corrosion, tested strength, unmatched edge-holding ability and out-of-the-box razor sharp blade. Because there's only one real reason to buy a KA-BAR®.

When it comes down to it and you're all alone and your survival depends on a knife, you're going to want a knife you can trust. A knife that won't fail you. A knife that has proven itself time and time again.

You can buy any knife or you can own a KA-BAR®.

# KA-BAR®

HARDCORE KNIVES. Hardcore LIVES.

You can buy any knife or you can own a **KA-BAR®**.

When you see this icon, know that these KA-BARs are being made by family, friends and neighbors right here in the USA.

We've been making knives since 1898 and each knife undergoes our unique manufacturing processes and testing to ensure corrosion resistance, strength, edge holding ability, and an out-of-the-box razor sharp cutting edge.

Our name dates back to the early 1900's from a fur trapper testimonial. He wrote that while trapping, his gun jammed leaving him with only his knife to kill a wounded bear that was attacking him. He thanked us for making the quality knife that helped him to kill a bear, but all that was legible was "K a bar". Honored by the testimonial, the company adopted the phrase KA-BAR as their trademark.

We are proud of our heritage and continue our legacy with the KBD Master Series. The KBD Master Series is a collection of KA-BAR® manufactured knives designed and authenticated by the leading outdoorsmen, survivalists, uniformed professionals and military experts in the U.S. To see the KBD Master Series and our full product line visit us at KA-BAR.com.

Knife sold separately.

#### Walnut Presentation Case

#1437 Presentation Case  
Dimensions: 14-7/8" x 5-7/8"  
MSRP: \$107.26

Display any KA-BAR® up to 13".

KA-BAR® applies gold-colored paint to their standard KA-BAR® knives to create intricately detailed works of art meant to honor and commemorate the men and women in uniform who serve our country. Active-duty and retired military personnel will appreciate the thought and care that goes into each of these collectable pieces.

All commemoratives look stunning on display. Your knife will float gracefully on a desktop inside our Dome Presentation Case. For wall mounting, the Walnut Presentation Case carefully cradles your commemorative between a lockable, hinged glass front and a red velour-lined pillow.

## Blade Detail

Pile Side Serrations  
USMC 1218 / 5018  
US ARMY 1219 / 5019

Shortly after the start of World War II, KA-BAR began working with the Marine Quartermaster to design a fighting knife for the United States Marine Corps. Soon, production was under way on the fighting/utility knife that would later make KA-BAR a widely recognized name.

When the war escalated, the demand for the fighting/utility knives became so great that KA-BAR could not keep up. As a result, the government assigned several knife companies to create similar knives for those serving during the War. KA-BAR's wartime production alone totaled more than one million knives.

The KA-BAR knives became so well recognized for their quality and so abundant that "KA-BAR" became the name by which most referred to this style fighting/utility knife.

It's tough to argue with the success of the world's most recognizable, time-tested fixed-blade knife so KA-BAR® did what any smart company would do. We didn't change the original design, we expanded upon it.

The high-carbon, non-reflective black blade is epoxy powder-coated and tests prove the finish is more durable than ever.

The classic oval shape of the original KA-BAR® remains and has been modernized with Kraton G®, a material nearly impervious to sweat, chemicals, water and wear.

BK&T KA-BAR

Ethan Becker founded Becker Knife & Tool in the early 1980's and set about designing, manufacturing and selling the industrial strength tactical and survival knives that he had always wanted for himself.

His products, the BK&T line, have gone a long way to making these now popular all-black knives in demand.

Mr. Becker spends as much time as possible in the outdoors testing a variety of equipment and knife designs, and also works to expand his primitive and outdoor skills.

He collaborated with KA-BAR® in 2008 to reintroduce and update his best selling models and together we continue to design new models to expand the line.

## KBD Master Series® Becker Knife & Tool Designs

### BK&T Fastener Info

The standard fastener sizes for the handles of the large Becker knives are as follows:  
Cap Screws: 10 - 32x5/8"  
Nuts: 10 - 32

The Allen Wrench used would be either a 5/32 or 4mm.

For the Short Becker knives, the size of the wrench is 9/64th. The size of replacement bolts are 8 - 32 x 1/2" and the nuts are 8 - 32.

### Handles

**NEW - #BKHNDLKIT Becker Handle Kit**

The Original TDI Knife was designed by John Benner, founder of Tactical Defense Institute. Designed by an officer with officers in mind, TDI fixed-blade knives are meant to be worn at the off hand and draw like a pistol.

In extreme close quarters where a suspect is attempting to take an officer's handgun, the TDI fixed-blades are available as a last defense option. Coupled with friction sheaths, the units easily mount on an officer's pants belt and conceal behind various gear worn on his duty belt.

Single hand opening, non-automatic, ambidextrous, folding knives are low profile and lightweight and there to meet your specific law enforcement needs.

We are also proud to offer the TDI/Hinderer knife collection, a series of design collaborations between John Benner, and custom knife maker, Rick Hinderer, owner of Hinderer Knives.

Based on their combined experiences as a veteran police Lieutenant and Fire Fighter/EMT, John Benner and Rick Hinderer have designed knives for real-world emergency situations, sure when gripped and ambidextrous for a multitude of mounting and application options.

KA-BAR®  
Warranty

LIMITED LIFETIME WARRANTY

KA-BAR Knives, Inc. (the "Company") warrants, to the original purchaser of the knife only, that this knife will be free from defects in material and craftsmanship under normal use and maintenance for the lifetime of the original purchaser. This Limited Warranty does not apply to any failure of, defect in, or damage to the knife caused by neglect, normal wear and tear, or by improper use, including throwing the knife, batoning with the knife, using the blades as a can opener, chisel, pry bar, screwdriver, digging tool, or for any heavy work for which the knife was not designed.

If the knife fails to satisfy this Limited Warranty, the Company will repair or replace the knife or substitute a knife of comparable value, at the Company's option, and such repair, replacement or substitution shall constitute the sole remedy for any failure of the knife to satisfy this Limited Warranty or any implied warranty (ies) of the Company. In order to have a Limited Warranty claim evaluated by the Company, you must return the knife, at your own expense and risk, to KA-BAR Knives, Inc., at 200 Homer Street, Olean, NY 14760, attention Customer Service Department. Please include with the returned knife a brief written description of any claimed defect(s) in or failure(s) of the knife. Any returned knife determined by the Company to not be eligible for repair, replacement or substitution under the terms of the Limited Warranty will be returned to the Owner.

THE COMPANY MAKES NO EXPRESS WARRANTY OR REPRESENTATION WHATSOEVER OF OR WITH RESPECT TO THE KNIFE OTHER THAN THE FOREGOING LIMITED WARRANTY, AND ALL SUCH OTHER EXPRESS WARRANTIES ARE HEREBY EXPRESSLY EXCLUDED. ANY IMPLIED WARRANTIES OF THE COMPANY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS, ARE LIMITED IN DURATION TO THE DURATION OF THIS LIMITED WARRANTY. THE COMPANY WILL NOT BE LIABLE FOR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, AND ALL SUCH DAMAGES ARE EXPRESSLY EXCLUDED.

Some states do not allow limitations on how long an implied warranty lasts, or exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Care & Storage  
of Your KA-BAR®

Caring for your KA-BAR®

Wipe blades after use with a dry, soft cloth. If knives are exposed to salt water, wash with mild dish detergent, rinse with tap water, then wipe with a dry, soft cloth.

Storing

Treat blade with a light coating of mineral oil before storing in a dry area separate from its sheath. If possible, store in paper sleeve provided with the knife at purchase.

Sharpening

Keep knives sharp by touching up edges as needed. Most KA-BAR® knives can be sharpened using an Arkansas stone or commonly available sharpening system. Most knives can easily be touched up using a coarse or hard stone.

When bringing back a very dull edge a coarse or hard stone should be used first, followed by a finer, softer stone.

Knives made with D2 steel require diamond or ceramic sharpeners. Knives should at no time be sharpened on a belt sander or bench grinder. These machines ruin a factory-sharpened edge.

When you see this icon, know that these KA-BARs are being made by family, friends and neighbors right here in the USA.
