

ONTARIO *knife* COMPANY®

CELEBRATING 120 YEARS
AS A PROUD AMERICAN
MANUFACTURER

2009 CATALOG

Since 1942, The Ontario Knife Company of Franklinville, N.Y., U.S.A., has been a major knife supplier to the U.S. Armed Forces.

Our military supply roots go deep into history, Ontario Knife began supplying the U.S. Military during WWII with our famous 18 inch Machete. Since then, Ontario Knife has consistently developed new knife designs utilizing cutting-edge technology, materials, and manufacturing techniques that allow our armed forces and other industries to be on the leading edge of the best knives in the world.

To serve our country, Ontario Knife has developed a nation-wide network of distributors and dealers to market these products to the tactical/military, hunting, outdoors and cutlery industries...worldwide!

ONTARIO KNIFE DESIGNERS

THE PEOPLE THAT STAY ON THE CUTTING EDGE

JOE PARDUE

With My Dad (Mel Pardue) being a Knifemaker, I had the opportunity to learn the “Art of Knifemaking” at an early age. After years of apprenticing, dedication, and developing the skills necessary to make and design knives, I find that well designed utility tactical, high quality knives are my passion. My knives are tools to be used, and are designed with that in mind.

Joe Pardue

UTILITAC® KNIVES

JUSTIN GINGRICH

Pictured from left to right: Justin Gingrich, Designer, and Nick Trbovich, Jr., President & CEO of Ontario Knife Co. Pictured in the jungle north of Bogotá, Columbia.

Ranger Knives was created and operated by blade smith Justin Gingrich. He served 10 years on active duty, in such honored units as the 3rd Ranger Battalion (92-96), 20th Special Forces Group (96-98) and the Ranger Training Brigade (98-01). Justin is also a police academy graduate. He also served in Iraq with a civilian security firm in 2005. For two months, Justin worked in post-Katrina, New Orleans providing much needed security for the private sector. He also instructs private security contractors, U. S. soldiers, State Department employees and civilians in the art of patrolling, demolitions, shooting and CQB techniques.

Justin designs all Ranger Knives branded product with the professional user in mind. His military background and hands-on experience qualifies him to assess the needs of emergency services, law enforcement and military professionals. This ensures the tool's ability to not only survive but to excel where others fail.

If you would like to discuss his designs further, you can chat with Justin on one of our industries most active forums — www.knifeforums.com.

CELEBRATING 120 YEARS AS A PROUD AMERICAN MANUFACTURER.

SPECIAL RECOGNITION

2007 RECOGNITION FOR EXCELLENCE AWARD – GOLD LEVEL

Presented by the Defense Supply Center Columbus (DSCC)

For the 4th year in a row, Ontario Knife Company has received the Gold Award recognizing the company's perfect score in on-time delivery and quality performance. This award is given only to companies that have earned 100% on the DSCC's Automated Best Value System (ABVS), demonstrating excellence in customer service and product quality. To be eligible, a company must have shipped 50 or more contract line items for DSCC during a 12-month period while maintaining exceptional quality and delivery performance.

2006 MATERIEL READINESS AWARD for a CONTRIBUTION by a SMALL BUSINESS

Presented by the Army Aviation Association of America (AAAA)

The AAAA Awards program recognizes outstanding achievements in Army Aviation in many areas. The Ontario Knife Company was privileged to be honored with the Materiel Readiness Award for a Contribution by a Small Business for its work with the Aircrew Survival Egress Knife.

2006 INNOVATIVE BUSINESS PERFORMER OF THE YEAR for a SMALL BUSINESS

Presented by the Defense Logistics Agency (DLA)

This prestigious DLA award recognizes small businesses that have undertaken risks associated with innovative business practices in order to meet the needs of America's war fighters. Selected companies must also meet the DLA's Vendor Excellence Award criteria, which include demonstrated overall excellence in superior product quality, customer service, reliability, dependability, on-time delivery, consistency and accuracy.

WARRANTY

Once you purchase an Ontario Knife Company product, you can be assured we take your loyalty seriously. If any of our products fail due to faulty workmanship or faulty materials, we will replace it free of charge with the same item or with one of equal value. This limited lifetime warranty excludes products subjected to abuse, misuse or neglect. We value your business.

Celebrating 120 Years as a Proud American Manufacturer!
